SUMMARY

Motivated and results-driven Full Stack Developer with strong skills in HTML, CSS, JavaScript, React.js, Node.js, Java, Spring Boot, SQL, REST APIs, and Postman. Passionate about building responsive, scalable, and user-friendly web applications using modern development practices. Strong problem-solving mindset with a focus on clean code, API integration, and efficient database solutions.

SKILLS AND PROFICIENCIES

Languages: Java (Primary)

Frontend / Backend: React, HTML, CSS, JavaScript — Node.js

Infra & Tools: REST APIs, Git/GitHub, Postman

Databases: MySQL

CS Fundamentals: OS, DBMS, OOPs, Collections, Multithreading

Interests: System Design, Cloud Computing (AWS), Machine Learning.

WORK EXPERIENCE

Varahi Secret Website | Node.Js, React.Js, Javascript, HTML, CSS, REST API

August 2026

Freelance

- Built a responsive, user-friendly e-commerce platform with dynamic product browsing, shopping cart, and seamless checkout workflows.
- Integrated REST APIs to efficiently manage product catalogs, handle user interactions, and deliver dynamic content.
- Optimized application performance, cross-browser compatibility, and UI design to ensure an engaging customer experience.

Restaurant Website | React.Js, Javascript, HTML, CSS

March 2025

Foclean Software Private Limited - Internship

- Custom Restaurant web application hosted on Netlify designed specifically for online restaurant viewing food ordering.
- Menu Ordering Features a digital menu displaying dishes, pricing, and functional tools for customers to place online orders directly.
- Modern Interface Built with web technologies to deliver a fast, responsive user interface across desktop and mobile devices.

PROJECTS

Car Rental Booking System | Java, OOPs, SQL, React.Js, REST API

February 2026

- Built a CRUD-based Car Service System using Core Java and OOP principles to deliver a clean, modular, and maintainable application structure.
- Developed seamless appointment booking workflows tailored for both customers and service staff.
- Integrated end-to-end service tracking features to monitor ongoing vehicle maintenance and status updates in real time.

Portfolio Website | React.JS, Javascript, HTML, CSS

May 2025

- Built and deployed a personal developer portfolio hosted on Netlify to showcase projects, technical skills, and achievements.
- Implemented interactive, responsive UI components ensuring smooth navigation and cross-device compatibility.
- Maintained fast loading performance and accessible design standards using modern web development practices.

EDUCATION

Bharath Niketan Engineering College

2020 - 2024

Bachelor Of Technology - Information Technology

Auntipatty, Theni

Government Higher Secondary School

2018 - 2020

HSC,SSLC - Higher Secondary and School Leaving Certificate

Gandamanur, Theni

CERTIFICATIONS

- * **Meta Java Backend Certificate:** Java Object-Oriented Programming, SQL, Spring Boot, REST APIs
- * **Meta Frontend Certificate:** HTML, CSS, Javascript, React.JS, Version Control
- * **Guvi ChatGPT Certificate:** Gained Knowledge Of ChatGPT and AI Application

ACHIEVEMENTS

- * **LeetCode:** 350+ DSA problems solved (Peak Rating: 1442) | **GFG:** 300+ problems (Rating: 1436) | **CodeChef:** 200+ problems.
- * **HackerRank:** 5-star badges Java, and SQL.
